How it works

You will be added to a **Telegram** group which has the **@CrazyThorBot**. This bot will gather your photos/videos and keep track of points. You can find the ranking at **crazy88.thor.edu**.

- Type **/help** to get a list of commands you can use during the Crazy 65. This includes submitting, canceling submissions, listing the points you got, listing the assignments and setting your groupname
- To submit a photo or video, first send the photo/video in the chat, then reply to that photo and type **/submit [assignment-number]**.
- Be aware! You **cannot** add /submit to the caption of the image directly!
- We have added jokers to this game. Once you find these somewhere around Flux, you can use them to **double** the number for points for an assignment. This can be done by **including** the joker in the picture of the submission and then **handing** it back to the organisation or Board.
